ABOUT

With a proven track record in developing innovative mobile applications, I excel in leveraging skills in Flutter and Agile methodologies. My expertise spans cross-platform development, complemented by strong problem-solving and collaboration abilities. Achievements include leading seamless integrations, optimizing app performance, and driving project success, showcasing a blend of technical proficiency and teamwork.

EDUCATION

Master of Computer Science In High-Performance Computing (M.C.Sc)

2017 - 2019 · University of Information Technology, Yangon, Myanmar

Thesis Paper: "Electricity Billing System using Ethereum and Firebase" (<https://ieeexplore.ieee.org/document/8920931>)

Bachelor of Computer Science In High-Performance Computing (B.C.Sc)

2012 - 2017 · University of Information Technology, Yangon, Myanmar

EXPERIENCE

🕒 Senior Mobile Engineer · [Amptalk Co, Ltd](#) August 2025 - Present

- Spearheaded the development of VoIP communication software integration in iOS using Swift and Flutter.
- Scaled client-side audio streaming pipelines, integrating audio session guidelines for smooth call handoffs.
- Deployed cloud backend integration modules utilizing Node.js, Typescript, and AWS.

Skills: Flutter, Dart, Swift, Firebase, AWS, Node.js, TypeScript, Notion, Linear

🕒 Senior Software Engineer · [Opn Thailand Co, Ltd](#) April 2024 - July 2025

🕒 Software Engineer July 2022 - April 2024

Key Projects

- TICKETIER, a mobile app for ticketing system

Developed a comprehensive ticketing platform, focusing on the mobile application to enhance user accessibility and engagement.

Responsibilities:

Designed and implemented mobile app features that streamline the ticket purchasing process, enabling users to easily browse events, and make secure payments.

Managed the integration of payment gateways to ensure secure and efficient transactions.

Managed App Store submissions, addressing feedback, ensuring compliance with guidelines, and delivering timely updates.

Outcome: Successfully delivered a user-friendly mobile application that increased ticket sales and improved customer satisfaction by providing a seamless booking experience.

- **Wallet as a Service**

Responsible for developing iOS applications on the Wallet as a Service (WaaS) team, focusing on e-wallet solutions for clients.

Collaborated with backend teams to integrate secure payment processing via Omise, ensuring a smooth transaction experience for users.

Skills: Flutter, SwiftUI, Swift, Firebase Authentication, Firebase Remote Config, Firebase Analytics, Jira, Confluence, Figma, Postman, Github, Git Action, Fastlane

● Full-Stack Developer · One Atkhyar Co., Ltd

August 2019 - June 2022

Key Projects

· Shi Del, a lifestyle app

Developed Shi Del from the ground up, creating both backend and frontend architecture and managing deployment across platforms.

Contributions: Built backend services, crafted a user-friendly frontend, and handled deployments on both the App Store and Play Store.

Outcome: Successfully launched and scaled the app, providing users with reliable, personalized experience.

· Chat Chin, Myanmar's no. 1 car servicing app plus emergency assistance

Developed Chat Chin app from the ground up, creating both backend and frontend architecture and managing deployment across platform.

Contributions:

Implemented a search feature that allows users to find businesses by location, enhancing discoverability.

Developed a data listing feature, integrating crawled data to provide up-to-date information on car services.

Included functionality for users to add reviews, promoting community engagement and feedback.

Outcome: Successfully launched and scaled the app, offering users reliable car servicing and emergency assistance with a personalized experience.

Skills: Flutter, Ionic, Firebase Authentication, Firestore, Firebase Functions, Firebase Storage, Firebase Analytics, Jira, Confluence, Figma, Github, GCP, Algolia, Typescript, Angular

● Software Developer (Part Time) · Cloud Source Myanmar Co., Ltd

July 2018 - Sep 2019

· Developed a web application with CRUD functionality in Ruby on Rails.

· Designed, developed, and debugged cross-platform mobile applications in Ionic Framework.

· Created prototype system design using Sketch design toolkit.

Skills: Ruby on Rails, Ionic, PHP Laravel, Javascript, Angular, Typescript

● Web Developer (Intern) · Acroquest Myanmar Technology Co., Ltd

May 2017 - Aug 2017

· Designed, developed, and tested website using HTML5, CSS, jQuery, Spring MVC, MyBatis, and MySQL.

· Researched on network vendor product.

Skills: HTML, CSS, jQuery, Java Spring MVC, MyBatis, MySQL

PERSONAL PROJECTS

2023 Daily Motivation App (SwiftUI + Firebase + Appstore)

Link: <https://testflight.apple.com/join/8D2XFJEE>

Log your mood daily to track your progress over time, receive motivational quotes to start your day on a positive note, and view your mood history with easy-to-read charts.

2021 News App (Flutter + Google Ads + API)

Link: <https://play.google.com/store/apps/details?id=com.htamanel.thePegu>

This app is developed with Flutter. I teamed up with my friend to develop this. This app is to show users the latest news.

2021 Chrome Dino App (Flutter + Google Ads)

This is the replicate version of the chrome dino app. I teamed up with my friend to develop this. We cloned the dino game repository online and modify to our own needs.

2021 Note Taking App (Ionic Cordova + Firebase)

Link: <https://github.com/Kyawtmyahlaing73/Ionic-NoteTakingApp>

This app is to help user takes daily notes with easy using UI.

2016 Island Cruise Booking Website (PHP + MYSQL)

This website provides an island cruise booking system to users. I teamed up with my friend to develop this website. Users can book tickets, edit tickets, and delete tickets using this website.

CERTIFICATE

2026 AWS Certified Solutions Architect - Associate (Credly ID: [314a6a4e-8b66-437a-9f7d-d75a9f38d05f](#))

2020 AWS Cloud Practitioner (CLF-C01)

LinuxAcademy

2019 Chinese Proficiency Test (HSK) Level 5

2017 Fundamental Information Technology Engineer Examination

Information Technology Professional Examination Council

2016 Information Technology Passport Examination

Information Technology Professional Examination Council

TRAINING

Sep 2014 -Android Mobile Application

Oct 2014Training Institute: KOREA INTERNATIONAL COOPERATION AGENCY (KOICA)
